Referral Partner Spiff Program Terms and Conditions:

Existing Referral Partners, who are directly contracted in good standing with Fusion Connect, are eligible to participate. Additional 1X MRR spiff payout is in addition to contracted one-time commission up to 3X MRR when combined. POTS spiff payout is \$20/line if no end user promotion is applied with a three (3) year contract term. Referral spiff cannot be combined with POTS end user promotion. Voice and Unified Communications spiffs are valid with No-Contract Term end user promotion and one (1), two (2), or three (3) year contract terms. For SD-WAN, Security and Managed WiFi, services must be ordered with a minimum three (3) year term. Partner spiff payout is capped at \$100K per customer account. Spiffs are calculated monthly, based on total installations, and will be distributed via the standard commission payout process. If customer cancels at any time before installation, spiff will be voided. If spiff has already been paid and customer terminates or has been terminated due to non-payment within twelve (12) months after installation for Voice and UCaaS spiffs, or six (6) months after installation for all other spiffs, Fusion Connect reserves the right to deduct the amount of the spiff from future commission payments. Only sales of new services/seats qualify for the spiff. Circuits do not qualify. Renewals, upgrades, downgrades, or moves of existing services/seats do not qualify. Service selling price must be at or above the list/publicly advertised price to be eligible for the spiff unless otherwise noted. The person or company that receives the spiff is responsible for all the taxes and liability associated with the Fusion Connect Spiff Program. Fusion Connect assumes no responsibility for taxes and liability. Program valid through September 30, 2020. Fusion Connect reserves the right to modify or cancel this program at any time. No exceptions to this program will be allowed. This offer is void where prohibited.
