Price per Seat: **\$29.95**

#### TESTIMONIALS

"I contacted Fusion and we were able to deliver the application on Tuesday morning that satisfied their needs. My client was ecstatic with our ability to transition them so quickly to this remote access solution that met their needs so quickly. The solution was easy, required a limited learning curve and worked seamlessly for their business."

"A client called me on Monday of this week to inform me that due to Covid-19 they would have to close their business and send their employees home at the end of the work day. They needed a mobile business communication solution that provided business phone service with video calling, instant messaging, and one-click conferencing integrated into a single mobile application so that their employees could work remotely. FusionWorks UC One was the solution."

#### Why Fusion Unified Communications?

Our Unified Communication tools simplify your customer's remote office experience while making it easier than ever to stay connected via secure chat, text, screen sharing and audio and video conferencing.

Minimum of 90 day commitment and does not include phone or installation. For detailed terms and conditions, contact your **Fusion Channel Manager** today.
